

Mayor's Circle Mobile App: Privacy Policy and Terms of Use

Last Updated: March 6, 2026

Privacy Policy

The Scottsville City App is provided as a public service for residents and visitors of Scottsville, Kentucky. This page explains what information the app may collect and how it is used.

Information We Collect

The app does not require users to create an account and does not collect personal information such as names, phone numbers, email addresses, or payment information.

Any

However, the app may collect limited technical information required for normal operation, including:

- Device notification tokens to send city alerts
- Basic device information required by the operating system
- Data needed to load maps, alerts, and other city services

Notification tokens are used only for sending official city alerts.

Push Notifications

If enabled, the app may send push notifications for important city alerts or announcements.

Users can disable notifications at any time in their device settings.

Third-Party Services

The app may display content or link to services provided by third parties, including:

- EarthCam (live city camera)
- ArcGIS mapping services
- External city websites or payment portals

These services may have their own privacy policies.

Data Retention and Security

The City of Scottsville does not retain any user specific data and takes reasonable steps to protect information used to support the operation of the application. We will never ask for personally identifiable information with the mobile app.

Updates

This policy may be updated as the application evolves.

Contact

For questions regarding this policy, please contact the City of Scottsville at 270-237-3238.

Terms of Use

The Scottsville City App provides convenient access to information and services offered by the City of Scottsville.

Informational Use

Information in the app is provided for general informational purposes. While the city works to keep information accurate and up to date, accuracy cannot be guaranteed.

Alerts and Notifications

Alerts and notifications are provided to help keep residents informed about public works, community events, emergency events, and other relevant information organized by the City. However, the app should not be relied upon as the sole source for emergency information.

In an emergency, always contact local emergency services.

Third-Party Content

The app may display or link to services operated by third parties, including live camera
